EUR1 Movement Certificate Service – 2026

An EUR1 certificate can provide preferential duty treatment for qualifying goods exported to countries covered by a UK trade agreement.

Aerona provides a professional EUR1 preparation and processing service, including checking the documentation, preparing the application and liaising with the Chamber of Commerce.

The applicable Chamber of Commerce issuing fee is charged separately at cost, with no Aerona mark-up.

We offer Standard, Priority and Express services for customers who need their documentation processed quickly.

The Chamber provides the certification; Aerona provides the experience and professional management to help ensure the application is completed correctly and efficiently.

Chambers of Commerce Fees – Passed on at Cost

The applicable Chambers of Commerce EUR 1 issuing fee will be passed on to the customer at cost with no Aerona Mark up.

The exact Chamber fee will depend on the value and requirements of the Carnet.
